

REMARKS/ARGUMENTS

This Supplemental Amendment After Final is in response to the Final Office Action of July 13, 2005, in which the Examiner rejected remaining claims 1-10 and 13-16 under 35 U.S.C. 102(e) as being anticipated by U.S. Patent Application No. 2002/0087472 ("**Walter**"). It supplements the earlier Amendment After Final filed on August 26, 2005.

Applicant appreciates the courtesy extended to Applicant's undersigned attorney during a telephone interview with the Examiner on September 30, 2005.

As discussed during the interview, Applicant believes **Walter** does not anticipate claims 1-10, and thus the final rejection of the claims based on **Walter** should be withdrawn.

It is the undersigned's understanding that upon cancellation of claims 13-16 (accomplished by this Amendment), the final rejection will be withdrawn and a new search will be conducted in order to determine whether a proper rejection can be made of claims 1-10 under 35 U.S.C §103.

CONCLUSION

In view of the foregoing, Applicant believes all claims now pending in this Application are in condition for allowance and an action to that end is respectfully requested.

If the Examiner believes a telephone conference would expedite prosecution of this application, please telephone the undersigned at 303-571-4000.

Respectfully submitted,
